Admiral Stansfield Turner, USN,  
Director of Central Intelligence,  
Washington, D.C., 20505.

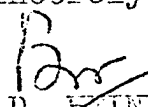

Dear Stan:

James Angleton, whose more than substantial past services to the Agency and our country you will know, would like very much to have an opportunity to meet and talk with you, one-on-one.

I strongly urge that you see him. I will not editorialize further or at all.

If you think well of this, I assume you can get in touch with Jim. If for any reason you prefer an intermediary, call me.

Sincerely,

  
R.D. HEINL, Jr.
